In 1880 the wages paid to manufacturing employees in Jefferson county, Ala., in which the city of Birmingham is situated, amounted to \$900,000.

In 1890 the wages paid to this class of labor in Birmingham alone were \$1,523,375.

New York Press.—The people who voted for a "change" are now wishing they hadn't.

STILL A DUNCE.

New York Press.—The process of instructing the Democratic party by "object lessons" has already cost the country a billion and a half of dollars. The worst of it is that the pupi remains a dunce.

DEMOCRATIC STATEMENT.

New York Press.—Representative Wilson of West Virginia, the prospective Chairman of the Ways and Means Committee, favors "trying the experiments" of state bank currency. Statesmanship does not try experiments, Mr. Wilson.

+

DEMOCRATIC—VERY.

New York Press.—The revenues of the Queen of England and Empress of India are something like \$2,000,000 a year. The contribution of \$500 made by the Queen for the benefit of the widows and orphans of the brave men carried down in the battleship *Victoria*, again brings before the public the fact that Her Majesty has a distinctly economic turn of mind. In fact, the royal prudence in money matters is so great that if it were not royal the world might call it by the plain, every day name of stinginess.

+

IT WON'T DO.

New York Press.—Democratic organs that are trying to thumb the people into the belief that the loss of a billion dollars in value since Cleveland's election is owing to the Sherman law, miscalculate the memory of the public. The silver purchase features of the Sherman act were adopted in order to check the Democratic demand for free coinage, and the country has not forgotten the fact. Even if the present loss and depression were caused by the Sherman law the Democratic party would be financially responsible. If they are caused by the fear of Free-trade legislation the responsibility still belongs to the Democracy. It cannot escape from the dilemma either way.

SUNDAY AT THE WORLD'S FAIR.

New York Evening Post.—The fanatical element among the religious organizations which have opposed Sunday opening of the World's Fair is plainly losing strength. Last Sunday Bishop Merrill of the Methodist Church told a reporter that the General Conference Commission of that organization would order a withdrawal of its exhibits and issue a manifesto calling upon "our people to stay away from an exposition that defies the laws of God." The Commission met yesterday, and decided neither to withdraw the exhibits nor to issue a boycotting proclamation.

The majority seems to recognize the fact that the days of ecclesiastical bosses are past, and that, as a Methodist Minister of Indiana said, "If the church should insist on the people's staying away, 'it would incite them all to go.' The increase in the attendance every week shows that the people who pieded themselves not to go if the gates should ever be opened on Sunday are either people who would never have gone in any case. As soon as the railroads make the now half-promised reduction in excursion rates, there will evidently be a great rush to Chicago from all parts of the country."

THE PARDON OF THE ANARCHISTS.

Kentucky Journal.—The Governor of Illinois has committed an offence against society which is unpardonable. In extending pardon to the Anarchist conspirators in the bombing of the Stock Exchange, he betrayed the memory of one, who feels he is doing a wrong to put himself right before the public who has outraged, and before law he has condemned. It is not becoming the Governor of Illinois in opening the doors of the penitentiary to three most dangerous men, altogether unworthy of citizenship, to go out of the record and criticize a court as prejudiced and a jury as packed, when the verdict and sentence had been reviewed not only in the highest court of his state but in the highest court in the land, and found to be wholly without error, and which received the sanction and the applause of the ultimate tribunal of public opinion. The action of the Governor does not concern Illinois, also it is a blow at liberty and an anathema of license. Its condemnation may be heard in the applause of John Most in his cut-throat den in New York and in the salutations of Anarchy and Anarchists the world over.

The Governor of Illinois, has, so far as in him lay, disgraced his state, which, if true to herself will put on him forever the seal of her heaviest condemnation. Let it be done at the ballot box against which he has arrayed himself in his pardon of the Haymarket Anarchists.

**THE ACTS OF THE AXE.**

Hoar the Maxwell swings his axe, And the world trembles.

What a tale of terror now is written in its dread.

Dreadful whacks, the startled Maxwell's ear! Hoar, the world trembles in their fear, Too much horrified to speak, And the world shudders, shriek, And the world trembles.

Out of the world's mud muddle comes a hoarse appeal to the Civil Service Rules.

In a mad expostion with those who make.

Kicking higher, higher, Higher, and a greater endeavor Now, to stick or never.

On the axe, axe, axe And the world trembles.

Like despair? That Maxwell's axe through his world knows

By the twanging And the clanging

There'd be no blow, And his sense absorbs the facts

And the crashing That Maxwell's axe.

Hoar, the world trembles.

Of the axe, axe, axe,

Like despair? That Maxwell's axe bows his blow!

The Business Way!

The business way is to take space by the year, take pains with your advertisements in making them attractive, and change them at least as often as once a month.

You may think there are seasons when you don't need to advertise.

We have never seen that time.

Use the dull seasons for looking over your stock and running off that which is becoming out of style or unfashionable, and giving bargains.

If you have space by the year, it costs you no more, and you can make it profitably by converting unsaleable goods into money, and re-investing the money in those things which are salable.

For a result of free silver coinage the silverites should study the financial history of India, which country for seven years past has suffered a terrible depression caused by the difference between the basis of its currency and that of other countries. When it was announced that the mint had been ordered closed, the advance in India rupee paper was as rapid as was the decline in silver bullion, which indicates the only course for America to pursue.

The kiln pipe-setters in the sewer-pipe works at Tonawanda, N. Y., have been notified of 50 per cent. reduction in wages, taking effect July 1st. A general strike might follow it not for the statement of the manufacturers that they were forced to retrench in expenses because of the low price of pipe or shut down. Other workmen are looking for a cut in wages. It is pleasing little incidents like this that remind workingmen of the promises of good times, plenty of work and big pay made to them by the Democratic masters last fall. Yes, this is a Democratic Administration!

If any one had predicted on the 8th of last November, when GROVER CLEVELAND was elected President, that within seven months there would be a shrinkage in the actual value of stocks and bonds sold on the New York Stock Exchange of nearly \$1,000,000,000 he would have been deemed a madman.

If any one had predicted that within seven months after that election day and of the return of a Democratic House, Senate and President to power for the first time since 1856, a panic would ensue which would exceed in the aggregate of losses that world famous panic of 1857, when the same party obtained absolute control of the Government for the last time until 1892, the prophecy would probably have excited derision.

But these two calamities have come to pass.

NOT RUFFLED.

The Governor of Illinois Inter-
viewed by a Reporter.

His Assailants Abuse His Message,
But Do Not Answer It.

The Governor says His Father Was Naturalized When He (the Governor) Was a Small Boy—Alleged—Hanged in a Chicago Suburb.

CHICAGO, June 30.—Gov. Altgeld arrived here yesterday. Mr. Altgeld, the reporter who asked him if he had anything to say about his pardon of the anarchists and the criticism which has been made of the act since its announcement, the governor said: "My reasons for pardoning the anarchist leaders, and abuse of the governor will not knock them down. In the comments I have seen there is only abuse. There is no argument. They do not mention the fact that the men who were chief of the party at the time say that he has investigated the case thoroughly, and that he doesn't believe there was much in it. They do not mention the fact that the juries got up and said they could not give the case a fair and impartial trial. They do not mention the fact that the man who threw the bomb was not brought into court and gave no evidence whatever at the trial; that it was not proved in the slightest measure that the man who threw the bomb had any connection with the men, was at all incited to the act by the conduct of these men or that he had ever even heard them make a speech. In a word they leave my reasons unexplained. Now, more abuses can not knock these reasons down. They are there and they must stand or fall on their merits."

Asked about the rumor that he is not a citizen, Gov. Altgeld said: "My father was naturalized when I was a very small boy. I think he was three months old when the family arrived in this country and my father at once took the necessary steps to make him a citizen of the United States. He became fully naturalized when I was a minor, a natural citizen on my own majority by virtue of the papers issued to my father. This occurred at Mansfield, O., and the records will show the time of his naturalization, if any one cares to make an investigation."

Gov. Altgeld was wounded in injury at the suburban town of Naperville, Thursday night.

ALL IS FORGIVEN.

Rebelled against me, now come back to this country.

New York, June 30.—Mail advice from Caracas indicate that an era of peace and tranquility has at last dawned upon Venezuela and Joaquin Crespo, now the constitutionally elected president of the republic, is admitted to concur in the proclamation granting pardon to those who once strove to destroy the constitution and annihilate its defenders.

This act which has just been approved by the national assembly, allows all Venezuelans to return to their native country whatever may have been their part in the late conflict.

Even those who bore arms against Crespo himself are forgiven and invited once more to take up the pursuits of peace, and work for the benefit of their common country.

FOUND AT LAST.

Missing Ex-Senator Paul Located at Ran-

Mr. VERNON, D., June 30.—Missing ex-State Senator Daniel Paul, who disappeared some time ago after attending to some legal business, has been located in Kansas City. A telegram has been sent by his wife at Centerburg, which reads: "Daniel Paul is here, fully identified."

Mrs. Paul and Attorney Frank Moore have gone to Kansas City to bring the husband home.

Paul, along with \$5,000 in Kansas City school bonds when he disappeared, was thought to have been murdered. A report was sent out from Monroe, Mich., to the effect that his dead body had been found in the lake there, but this proved to be incorrect.

University of Michigan.

ANN ARBOR, Mich., June 30.—Thursday the University of Michigan celebrated the forty-ninth annual commencement, and when the exercises were over 704 students in all departments had secured sheepskins. One of the main features of the commencement exercises was the address by Charles Dudley Warner, of Hartford, Conn.

Silver in Amsterdam.

AMSTERDAM, June 30.—The market here for silver has been, with the other markets of the world, greatly affected by the action of the government of India in dealing with the currency question. In the Indian market the price of fine silver has dropped from 60 guilders to 50 guilders per kilo.

Mexico Wins Keep on Coming.

CITY OF MEXICO, June 30.—A summary of the Texan's victory in the battle to announce to the world that there is no truth in the rumor that Mexico contemplates suspending the free exchange of silver. On the contrary, all of the Mexican mines will be worked to their utmost capacity.

BOSTON, June 30.—Richard Powell, who, on December 22, 1883, killed Geo. W. Brown at Somerville, and then buried the body and covered up the evidence of his crime so successfully that for over two years it was impossible to ascertain who was his victim.

Power was tried for life.
